The San Diego Chapter of the Association of Environmental Professionals (AEP) supports students who are preparing to pursue careers in the environmental field. As part of our support efforts, we are providing an active employment assistance program which functions as an intermediary between the students and the environmental business community at large.

While AEP does not guarantee employment, every possible effort is made to assist students in pursuing work experience in the diverse environmental profession. The San Diego Chapter of AEP will accept and post internship opportunities for undergraduates and/or graduate students who are actively engaged in the pursuit of a career in a field with an environmental emphasis.

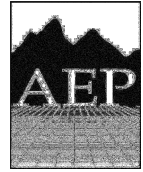

We encourage you to participate in our efforts. Please complete and submit the form on the back side of this page. Internship opportunity forms are also available on our website: www.sandiegoaep.org or you can send an e-mail or letter with your address to request a form. E-mails should be sent to Julie Wang at julie.wang@ch2m.com. Letters should be sent to:
